EVERYTHING MADE EASIER

WITH A LITTLE ITALIAN FLAIR.

At Zanussi, our outlook is simple:
time's precious, enjoy it! To help you live life
to the full, here's our range of built-in appliances.

Just choose whichever you need from our surprisingly
affordable range, and they'll take care of your
daily chores – reliably and in style naturally – so you
can get on with doing the things you really enjoy.

Follow the colour-coded sections to find the kinds
of appliances you're looking for and the at-a-glance
overviews to find just the right solutions
to make your life easier... simple!

MAKING LIFE EASIER

FOR NEARLY A CENTURY.

In 1916, the enterprising young Antonio Zanussi began making stoves in North East Italy, and soon developed a range of innovative products. By the 1950s, under the guidance of Antonio's son Lino, the company was 300 strong, and known throughout Europe for producing gas cookers far ahead of their time in terms of compactness, cooking well and ease of use.

In the 1980s, Zanussi became part of the Electrolux AB Stockholm, whose investment has helped Zanussi continue to develop appliances with Italian design flair, and quality. So you can rely on them to make taking care of the chores as easy as possible... and get on with enjoying life.

ITALIAN SINCE 1916

A woman with dark hair, wearing a white short-sleeved top, a wide brown leather belt, and a multi-strand necklace, is setting a table outdoors. She is holding a white plate in her left hand and placing another white plate on the table with her right hand. The table is covered with a white tablecloth and has several white plates and a small glass bottle of oil. The background is a lush green garden with trees and a bright sun creating a warm, golden light.

OUR EASY
KITCHEN RECIPE.

SO SIMPLE

MAKE COOKING A MORE ENJOYABLE
PART OF YOUR LIFE.

Zanussi have a wide range of ovens combining Italian style with quality, easy-to-use appliances to help you cook delicious food with less time and effort.

Available in fingerprint proof stainless steel, white or black to create a stunning focal point in your kitchen.

Our multifunction ovens combine the benefits of fan or conventional cooking with additional functions like pizza or thermal grilling for great results.

You can pair them with a wide choice of gas or electric hobs, including quick heating induction hobs. And to complete the picture, stylish hoods, microwaves and a coffee machine, providing delicious Italian espresso coffee every time.

THE RIGHT INGREDIENTS.

SINGLE OVENS

ZYB594X

ZOB690X

ZOB580X

SINGLE OVENS

Offering flexibility you can install this oven under the work top or in column at eye level.

ZOB551X

ZOB330X

ZOB230X

ZOB9900X
90CM

DOUBLE OVENS

ZOD690X

ZOD580X

ZOU270X

BUILT IN DOUBLE OVEN

Installed at eye level, with the flexibility of 2 oven's, this style of oven is great for families or entertaining, maximizing your cooking space.

UNDER COUNTER OVENS

ZOU580X

UNDER COUNTER DOUBLE OVEN

Great in kitchens where space is limited, this slightly shorter double oven sits at eye level or neatly under the work top giving you the flexibility of two ovens.

ZOU370X

ZOU270X

Stylish and elegant our modern square design shows off your stunning appliances to wonderful effect and is exceptionally easy to keep clean.

From both traditional and homely to modern and adventurous our innovative appliances will give your kitchen that leading edge with a finished look of real quality.

Our new larger full width grill / roasting pan makes grilling more practical for all your family needs and is great for roasting Sunday lunch.

'A' Energy

Zanussi believe that with fantastic cooking performance should also come great efficiency. That's why not only are all our single ovens 'A' energy rated but we developed an industry first range of built in and built under double ovens with 'A' energy in both cavities, helping you to help the environment and your pocket.

Fingerprint proof stainless steel

Zanussi ovens feature a special clear lacquer finish which means even in the busiest kitchens our oven stays free from messy finger marks.

Auto cook

Ideal if you want to come home to a hot meal, some of our cookers have a fully programmable timer which can cook your food and automatically switch off when you tell it too, giving you more time to relax.

Cooler to touch

For added safety our cooker doors are air cooled reducing the external touch temperature.

PYROLYTIC CLEANING

THE ULTIMATE IN CONVENIENCE

ZYB594

MULTI-FUNCTION

Make cooking a more enjoyable part of your life with a multifunction oven, which combines the benefit of fan and conventional ovens with additional functions like pizza and thermal grilling. Experiment and get the best results for all your different recipes and dishes.

Multifunction cooking options

Thermaflow®

Imagine the convenience of being able to cook your main meal, pudding and garlic bread at the same time. The clever placement of the fan ensures no transfer of flavour or taste from one dish to another. Lower cooking temperatures and shorter cooking times, helps you save time and money.

Conventional

Great for one shelf cooking. This oven is hotter at the top and cooler at the bottom.

Pizza oven

Bring Italy to your home, creating delicious Italian style pizzas with crisp bases and moist melted toppings every time. Not limited to pizzas, this oven will also give wonderful results for flans and quiches.

Thermal grilling

Relax at the weekend with a hassle-free traditional all day breakfast. Thermal grilling uses the fan and grill to cook all your food at once without needing to turn it, saving you time!

Grilling

Cook large or small portions in a healthy and convenient way with the full or economy grill setting.

Top heat

For a mouth-watering finish to foods like lemon meringue and shepherds pie, top heat browns gently for great results.

Bottom heat

Great for re-heating pies and pasties, bottom heat keeps the base crispy. At low temperatures, it's ideal for plate warming too.

Defrost

So gentle it doesn't even melt cream, delicate foods like gateau can be defrosted in half the time!

ZYB594X

Cleans itself

Imagine an oven that cleans itself! At the touch of a button Zanussi's pyrolytic oven cleans itself, leaving behind only a fine ash, which can be simply wiped away.

Multifunction oven

Make cooking a more enjoyable part of your life with a multifunction oven, which combines the benefits of the fan and conventional ovens for added flexibility.

Fully programmable oven timer

Thermaflow® fan cooking, saving you time

Features

- Simple push button digital controls with large display
- Multifunction oven, including pizza oven and thermal grilling
- Defrost

MICROWAVES

DESIGNED FOR LIVING ZANUSSI

ZNF31X

Designed for living Zanussi .
Microwaves are an invaluable asset in your kitchen.
Fully built in and easy to install, no additional kit is
required, our microwaves offer great flexibility.

Our modern stylish design in fingerprint proof
stainless steel looks great when combined in column
with a Zanussi oven

FLEXIBLE COOKING

Make cooking a
more enjoyable part
of your life with a
combination micro-
wave that combines
the benefits of the
fan cooking or grill
with the speed of a
microwave letting
you cook quickly and
brown at the same
time to get the best
results for all your
different recipes and
dishes.

Auto programmes

Take the guesswork away with Zanussi's
auto programmes designed to cook
or defrost your food at the touch of a
button.

Microwave

An invaluable asset in your kitchen
a microwave cooks food quickly and
safely, with low energy consumption
saving you money.

Microwave and grill

Great for your Sunday breakfast or
cheese on toast, the dual microwave and
grill option offers traditional grilling and
browning in a fraction of the usual time.

Combination microwave

Ideal for traditional baking and roasting,
combining the microwave with a fan
oven allows you to cook in half the time.

Thermaflow® fan cooking

The clever placement of the fan ensures
no transfer of flavour or taste from
one dish to another. Lower cooking
temperatures and shorter cooking times
helps you save time and money.

Grill

The efficiency of closed door grilling with
all Zanussi microwaves allows you to
cook large or small portions in a healthy
and convenient way.

ZNF31X

* A clearance of 5mm is required between top of front frame and bottom of cupboard door above.
** The 5mm overlap is achieved when using the 360mm "feet". To use the 360mm high niche, the feet must be changed as per the instruction book.

NOTES:

- 1) Heating category of the microwave in line with government guidelines.
- 2) Installation aperture dimensions, for full details refer to installation guidelines.

HOW DO YOU LIKE EGGS IN THE MORNING?

Choosing a hob is very much a matter of personal preference and Zanussi offers a wide range in both gas and electric.

An electric hob can offer you much more sophistication making a real style statement in your kitchen creating a simple, flush, easy to clean finish - most have touch controls and on some you can even set the cooking times for individual zones. Flexible zones mean its easy to accommodate larger pans so that you don't have to juggle the dishes to get a big meal ready.

Gas is instant - turn up the flame for more heat, as simple as that. Our wok burners provide a high heat to ensure that your wok cooking is effortlessly prepared.

FEATURES AT YOUR FINGERTIPS.

INDUCTION HOBS

ZIT64X

INDUCTION

Imagine a hob that boils quicker than gas using the latest innovation, really safe to use and easy to keep clean - then a new Zanussi induction hob is for you!

INDUCTION

IMAGINE A HOB THAT COOKS
FASTER THAN GAS.

ZIT64X

Create a clean flush finish in your kitchen with Zanussi's wide choice of electric hobs, with stainless steel frames that coordinate stylishly with our ovens and offer a host of features to make cooking more enjoyable.

Induction

Induction has all the benefits of easy to clean ceramic, together with the fastest, most responsive cooking, whether you are cooking pasta or melting chocolate. Induction works by creating a magnetic field between the hob and the saucepan-this means that the pan heats, not the hob so it's really safe to use and so easy to clean, the ultimate convenience in hob cooking.

Touch control

Welcome to the cutting edge of hob technology; many of Zanussi's hobs now feature electronic touch controls with digital displays which not only make the operation easier but will offer you a larger choice of power levels, giving you total control.

Timers

When time is of the essence, individual hob timers can be set so you know exactly when your food is cooked and dinner will be ready.

Safety

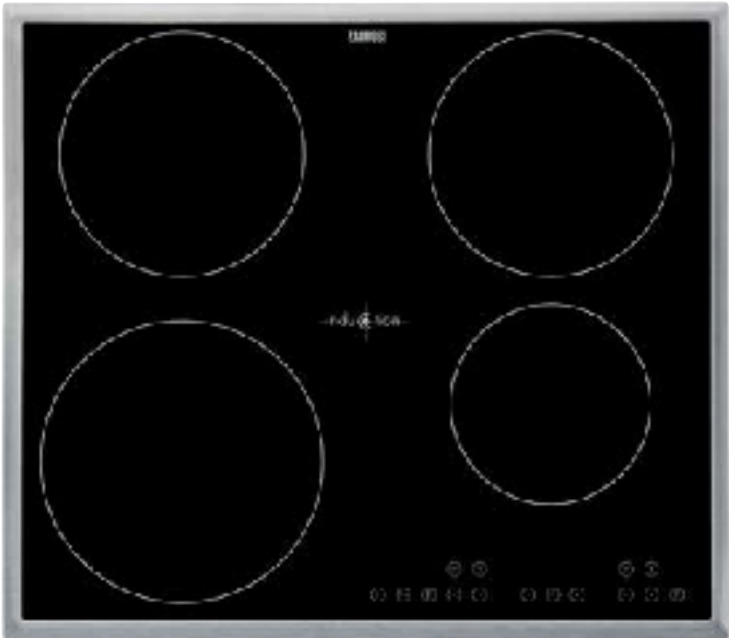

We understand the importance of safety within the kitchen which is why our models have residual heat warning when the hob is still hot. Some models also have a safety lock to prevent settings being changed.

Front controls

Great for left or right-handed cook's, front controls ensure great flexibility and are easy to use.

ZIT64X

Induction technology

Imagine a hob that boils quicker than gas using the latest innovation. Induction hobs use clever technology to heat the food and not the hob - the fastest and most responsive cooking whether you're melting chocolate or cooking pasta, giving you more time to enjoy your food.

Touch controls

Electronic touch controls with digital displays make selection easier and offer a larger choice of power levels and control.

Timer with auto switch-off

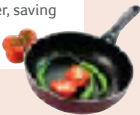

Features

- Wipe clean ceramic hob surface
- Power level digital display
- 4 induction zones
- Automatic heat up
- Residual heat indicators
- 99 minute timer with acoustic signal
- Child / user safety control lock
- Auto safety switch off

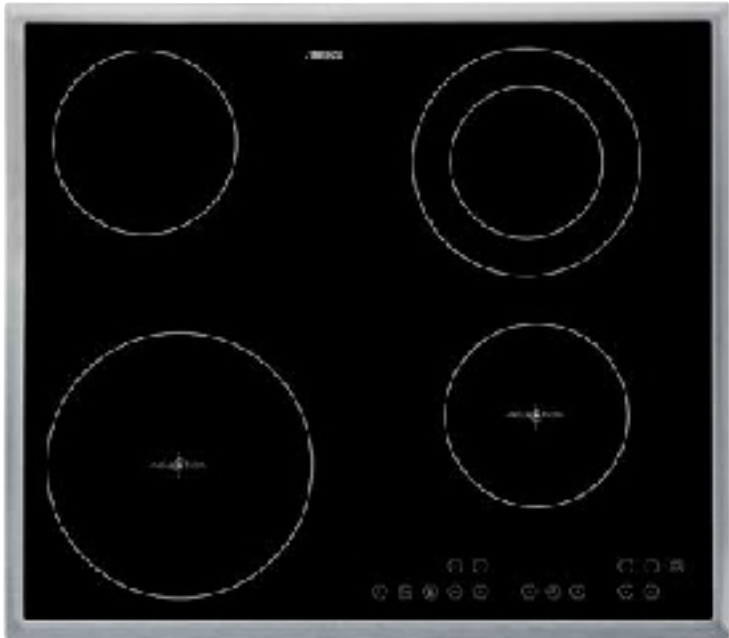

Colour Options

ZIT64X Stainless Steel Frame

GAS ON GLASS

FOR A CHIC CONTEMPORARY LOOK.

ZGG782CTX

For a modern take on the traditional classic Zanussi has a wide choice of styles in gas hobs.

From chic contemporary gas on glass to the more traditionally styled stainless steel, white or black.

Available in sizes up to 90cm, all of which will help enhance the style of your kitchen.

Wok cooking

Ideal for stir fries our wok burner provides a high heat to ensure all your wok cooking is effortlessly prepared.

75cm extra space

To enhance your cooking experience, Zanussi offers 75cm gas hobs giving you just a little bit more space with more than enough room for all your pans and for added convenience they fit into the same space as a 60cm hob.

Front controls

Ideally positioned at the front of the hob, the controls are easy to use and access, great for left to right handed cooks.

Automatic Ignition

For added convenience all our burners have automatic ignition, great for single handed operation. Simply push down on the dial and the flame comes on!

Safety

Zanussi knows how important peace of mind is to you, that's why all of our gas hobs have flame safety, meaning when the flame goes out the gas cuts off.

ZGG782CTX

FRESH THINKING.

Designed to whisk away odours during cooking, Zanussi hoods are not only functional but also a key design feature in any modern kitchen that compliments the oven and hob.

Zanussi offers a wide range of different hood designs that come in a variety of sizes each giving you fantastic performance with stunning good looks.

OUR GOOD HOOD GUIDE.

HOODS

PERIMETER EXTRACTION

Keep your kitchen fresh with our stunning “square” design island hood, which looks good and features perimeter extraction, which cleans the air from every angle so you can use this hood over any sized hob.

DESIGNER HOODS

FANTASTIC PERFORMANCE
WITH STUNNING LOOK'S.

ZHC9454X

All Styles and Sizes

Zanussi Hoods come in a variety of shapes and sizes. To make life easier these symbols will help you identify which hood is right for your kitchen.

Island Hoods

Designed to be suspended over a central cooking island.

Chimney Hoods

Available in different styles and widths to compliment your kitchen and create design.

Canopy Hood

Fits discreetly under a decorative kitchen unit canopy.

Integrated Hood

Hidden behind a kitchen furniture door which pulls out when required

Traditional Hood

Fit neatly under a wall cupboard with easy to reach front controls.

Speed Settings

With 3 of 4 speeds levels to choose from and even an intensive setting on some models, Zanussi hoods deliver extremely high extraction rates.

Filters

Keep the kitchen fresh with Zanussi's easy to use filters. The majority of cooker hoods come with metal grease filters that can be washed in the dishwasher.

20m²

Suitable for kitchens up to this size for optimum performance and clean air control.

Low Noise Level

Zanussi hoods operate at a low noise level, which means that your kitchen is a fresh, quiet place to cook.

16m²

Suitable for kitchens up to this size for optimum performance and clean air control.

Recirculation

The hood draws in odours hanging in the air and the re-circulates the clean air back into the kitchen. Charcoal filters are supplied with some Zanussi Hoods and are available as an optional accessory for those that do not.

12m²

Suitable for kitchens up to this size for optimum performance and clean air control.

Ducted

A more efficient mode of extraction, the hood is located near to an external wall and requires a ducting kit to extract odors outside. Ducting kits are available as an option accessory.

ZHC4284X

Island cooker hood

Keep your kitchen fresh with our stunning ‘square’ design island hood, which not only looks good but also combines high performance with low noise levels and perimeter extraction, which cleans the air from every angle letting you use this hood over any size hob

Variable control

With 4 speed levels to choose from and even an intensive setting, this hood delivers extremely high extraction rates with minimum noise.

Stylish cuboid design

Features

- 4 x halogen lights for bright illumination of the cooking area
- Attached to the ceiling for island installation
- 1 washable metal grease filter
- Charcoal filter as standard

Colour Options

ZHC4284X Island Hood

THE THREE MINUTE CLEAN UP.

Our dishwashers are designed for those who would rather spend three hours over dinner, and three minutes on cleaning up. As well as being affordable and good-looking, they're easy to use. With our automatic programme, the dishwasher can set exactly the cycle it needs for the load, keeping water and energy consumption to a minimum.

There are short programmes for when you're in a hurry, including a 30 minute wash. And you don't need to worry about remembering salt and rinse aid – It gives you a little reminder when they're needed.

FILLED WITH FEATURES.

DISHWASHERS

LOW ENERGY

A rated machines mean minimal energy and water consumption, helping the environment and saving you money.

ZDT312

JUST 30 MINUTES.

Dishes clean in half an hour when you're short of time, but still give an A rated wash performance.

ZDT41

NOT MUCH SPACE?

With our tabletop compact, every kitchen has room for a dishwasher.

ZSF2450

AUTOMATIC PROGRAMME

The dishwasher will choose the correct temperature, time, water consumption and energy based on what is in the dishwasher..

ZDTS102

ZDII22X

DISHCARE

QUICK WASH

A RATED WASH PERFORMANCE
IN JUST 30 MINUTES

ZDT312

Zanussi dishwashers are designed for living. The Zanussi range of dishwashers gives you the time to enjoy life at your own pace. Clever programmes and features ensure great results whatever your needs.

Zanussi dishwashers all have low water consumption, quiet noise levels and are 'A' rated for energy, washing and drying performance, helping you help the environment and your pocket.

FEATURES TO HELP YOU CHOOSE THE RIGHT DISHWASHER

Fully integrated
The dishwasher is hidden behind a full height furniture door and operated by controls on the top edge of the dishwasher door.

Semi integrated
The dishwasher has a visible control panel, which matches in height to the control panel of the oven and drawer line furniture. A short furniture door is fixed below the control panel.

Delay start

Zanussi features a delay start option of up to 19 hours allowing you to wash when it suits you.

Auto Half Load

Zanussi know you don't always have time to wait for a full load, all our dishwashers are designed to automatically determine whether there is a full or half load and will adapt the water and energy accordingly.

Active Drying

For the best drying results, active drying removes the steam leaving your dishes extra dry and sparkling clean.

Rinse and Hold

A feature on all Zanussi models, which is ideal for pre-washing items until the dishwasher is fully loaded.

Quick 60°C wash

This unique programme is perfect for people on the go. It washes all the freshly soiled crockery from an evening meal for a family of four in just 30 minutes and with a temperature of 65°C, you will get an 'A' rated wash performance. No need to compromise quality for time.

NOTES:

All models cold water fill

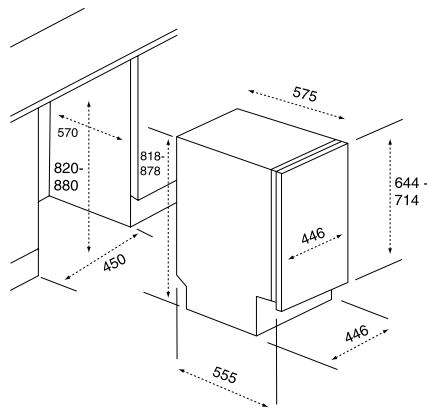

- 1) Energy consumption is stated in kWh per standard test cycle, using cold water fill. Actual consumption will depend on how the appliance is used.
- 2) Estimated annual consumption based on 220 washing cycles.
- 3) Models with an ‘A’ rated classification offer a higher performance than those with a ‘G’ rating.
- 4) Time taken for a standard test cycle, using cold water fill.

MORE FRESH FOOD

WHENEVER YOU NEED IT.
SIMPLE.

From fridges with extra large vegetable drawers that save on trips to the shops, to freezers that freeze extra fast. Our refrigeration range is full of ingenious ways to help you enjoy the freshest food with the least effort. Therefore you can relax and take life as it comes.

COOL FEATURES.

FRIDGE FREEZERS

ZBB7266

GLASS SHELVES

Easy to wipe safety Glass shelves prevent spillages from contaminating other food and are height adjustable. For extra storage flexibility, Zanussi has split glass shelves, Great for accommodating tall items.

DOOR ON DOOR HINGE EXPLAINED

The benefits of this type of hinge are that you can add more weight to the door and open it at a larger angle, making access and use easier.

AUTO DEFROST

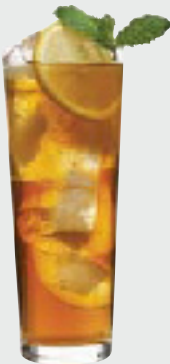

All of Zanussi's fridges have an auto defrost cycle- This automatically defrosts any ice build up in the fridge compartment.

ZBB6286

SLIDING HINGE EXPLAINED

The hinged furniture door is attached to the appliance with a number of brackets. As the furniture door opens, the appliance door is opened via the sliding bracket arrangement.

4 STAR FREEZING

All of Zanussi's static and frost free freezers have a 4 star freezer rating. This enables you to store and freeze food for up to 12 months.

ZBB6284

DAIRY COMPARTMENT

Zanussi's dairy compartment with fitted lid keeps food fresh and untainted from other smells elsewhere in the fridge.

IN-COLUMN

ZBA6160A

REMOVABLE FREEZER BASKETS

Always find what you're looking for with our removable transparent freezer baskets that are easier for loading and unloading.

ZBA6230A

ZBF6124A

4 STAR ICE BOX

Ideal for compact kitchens, fridges with 4 star iceboxes are the ideal solution as you have space for your fresh food, combined with freezer space. A 4 star icebox allows you to store frozen food for up to 12 months and safely freeze food.

UNDER COUNTER

ZQF6114A

TEMPERATURE ALARM

Informs you if it's too warm (such as when the door is left open).

MORE BENEFITS OF FROST FREE

As well as saving you the chore of having to defrost the freezer, you also get the benefit of no loss of storage space, no deterioration of energy consumption due to ice build up and food is preserved individually together so things don't stick together.

ZQS6140A

ZQS6124A

COOLING

TOTAL FROST FREE

NEVER DEFROST THE FREEZER AGAIN
AND FRESH FOOD STAYS FRESHER
FOR LONGER.

ZBB7266

Great cooking begins with the freshest ingredients and that's why Zanussi cooling appliances are designed with convenience in mind to provide the best total food storage solutions. Zanussi cooling appliances combine quality, functionality and built-in technology to get your food in tip-top condition whenever you need it.

Which fridge or freezer is best for you?

Under-counter appliances are great in kitchens where space is limited, these products fit neatly under the worktop, maintaining the plinth line and require no additional housing other than the furniture door. Front ventilation ensures no unsightly vents need to be fitted in the worktop.

In-column fridges or freezers, installed in a tall housing unit, with the flexibility of a separate fridge, freezer or combined fridge freezer. Our in-column refrigeration appliances are designed to be fitted with doors to match your kitchen furniture.

CRISP NO FROST

All Zanussi frost free fridge freezers have Crisp No Frost Technology. This ensures that humidity levels are maintained in the fridge whilst the temperature is kept at a low, stable temperature. This ensures that food is preserved properly, staying fresh for as long as possible.

Total Frost Free

Keep food fresher for longer with Zanussi's total frost free technology. The clever placement of the fan in the fridge and freezer preserves the foods flavours and textures whilst ensuring you never need to defrost the freezer ever again.

Fast Freeze

For fresher, safer food storage switch on the fast freeze function before you go to the supermarket, it lowers the freezer temperature, protects the contents and quickly freezes food. The freezer will automatically return to the preset temperature.

Super Cool

The Super Cool function allows you to quickly lower the fridge temperature. Ensuring that any new food added to the fridge is chilled quickly whilst it also protects the existing contents. The fridge will automatically return to the preset temperature.

Energy Efficiency

All Zanussi models are A rated making them cheaper to run and kinder to the environment.

A group of four young adults (three men and one woman) are smiling and posing for a photo in a town square. In the background, there is a large, historic stone building with a prominent clock tower. The scene is set outdoors under a clear blue sky. The text "LAZY LAUNDRY." is overlaid on the right side of the image.

LAZY
LAUNDRY.

GETTING CLOTHES DIRTY

WILL ALWAYS BE
MORE FUN THAN
GETTING THEM CLEAN.

That's why Zanussi offers a range of washing machines and washer dryers that can help you get great results, with less time and effort.

With our intelligent Jetsystem wash technology, you don't have to wait for full loads anymore, meaning that you can wash what you want when you want.

Our EasyIron programme, for instance, does just what it says and makes ironing easier; while our large capacity 6kg washing machines make it easier to do your washing in one go.

OUR WASHING LINE-UP.

WASHERS

ZWI2I25

JETSYSTEM

The Jetsystem wash technology automatically adjusts amount of water and time used based on the amount of clothes you put in. Saving you water and energy.

MINI 30

Ideal for once worn clothes or clothes you need in a hurry. Washes up to 3 items in 30 minutes at 30°C.

ZWIII25

WASHER DRYERS

ZKI245

EASY IRON.

Less time ironing, more time to do what you want.

ZKI225

LOADED WITH SPECIAL WASH PROGRAMMES AND OPTIONS

TO MAKE YOUR LIFE EASIER

ZWI2I25

Sit back, relax and let Zanussi
take the strain out of the laundry.

Time and energy saving features help make wash days easier
and give you time to do the things you enjoy.

JETSYSTEM

Keeping water and energy costs to a minimum; your Zanussi washing machines wash a 1kg load as efficiently as a 6kg load, thanks to the intelligent technology that measures the amount of water needed for your laundry.

Energy Label

Help the environment and your pocket by saving energy and water. A rated machines mean that Zanussi offer a low level of energy consumption coupled with reduced water consumption, proving that every little helps.

Electronic controls

For complete peace of mind all washing machines and washer dryers are fully electronic ensuring ease of programming with precise control.

Larger Capacity

The days of separating loads are gone, wash larger loads more easily and less often thanks to Zanussi's large capacity washing machines. It also makes washing larger items easier.

Aquacycle wash system

Zanussi's Aquacycle wash system uses lifters to circulate the water around the drum, ensuring that the water and detergent is distributed more efficiently giving a better wash performance.

Laundry programmes and options

Easy Iron

By keeping your wash load moving and introducing a cooling down phase with cold water, easy iron protects delicate and synthetic fabrics from developing permanent creases, saving you ironing time.

Delicates

A gentle programme suitable for delicate fabrics such as fine viscose polyester blends.

Handwash option

For use with "Handwash only" labelled clothing, this is an extremely gentle programme where clothes are gently supported in the drum as they are moved delicately through the wash solution.

Mini 30°C

A 30°C wash in 30 minutes – ideal for clothes only worn once or clothes you need in a hurry.

Prewash option

For extra dirty clothes, the prewash will loosen the dirt and remove it from the clothes prior to the main wash – ideal for children's clothes.

Delay Start option

For added convenience, most Zanussi washing machines feature a delay start option of up to 20 hours allowing you to wash when it suits you or when a lower rate of electricity is available.

Wool

The wool programme reduces the drum rotation so that clothes are gently and constantly moved in the water to reduce matting and stretching of delicate fabrics and woollens.

Cottons

This standard programme delivers an "A" wash performance for a family sized laundry load.

Cottons Economy

Extending the wash phase of the cottons programme, this programme delivers "A" wash performance whilst using minimum energy, saving money.

A-10% energy performance

Energy rating for a washer is 10% better than energy-efficiency-class A.

Synthetics

To move with the modern day fabric trends, the synthetics programme is great for the everyday fabrics such as polyester and lycra blends.

6+4 kg

Wash and dry capacity. With large wash to dry capacity, you can now conveniently wash & dry continuously without having to remove excess clothes after washing and before you start drying.

Extra Rinse option

Extra rinse option - ideal for anyone with extremely sensitive skin.

Variable spin speed

Allows you to alter the spin speed to suit your requirements whilst ensuring the safe fabric care of your chosen programme.

Daily wash

For slightly soiled clothes this option shortens the wash time by approx. 25 minutes but does not compromise on wash results.

ZWI1125

Less ironing

By keeping your wash load moving and using a cool down phase with cold water, this programme prevents delicate and synthetic fabric from developing permanent creases.

Features

- Delay start option
- Easy iron programme
- Handwash programme
- Wool programme
- Option to tailor programmes including:
- Prewash option
- Extra rinse
- A-10% energy efficiency class

For installation diagrams see page 131

ZKI225

Less ironing

The easy iron programme does most of the work for you by helping keep your clothes wrinkle-free.

Built-in washer dryer for washing and drying with one appliance

Features

- LCD display
- 21 programmes including:
- Quick wash
- Handwash
- Option to tailor programmes:
- Delay start option - set the machine to start when it suits you
- Drying time
- A class wash performance

For installation diagrams see page 131

ZWI2125

Jetsystem wash technology

The Jetsystem wash technology saves you energy and water based on your wash load size, providing the cleanest, most economical and efficient performance.

Features

- Delay start option
- LCD display
- Easy iron programme
- Handwash programme
- Wool programme
- Option to tailor programmes including:
- Prewash option
- Extra rinse

For installation diagrams see page 131

ZKI245

Save energy and water

The Jetsystem wash technology saves you energy and water based on your wash load size, providing the cleanest, most economical and efficient performance.

Built-in washer dryer for washing and drying with one appliance

Features

- Jetsystem wash technology
- 3 digit LCD display
- Delay start option
- 25 programmes including:
- Quick wash
- Easy Iron
- Handwash
- Option to tailor programmes

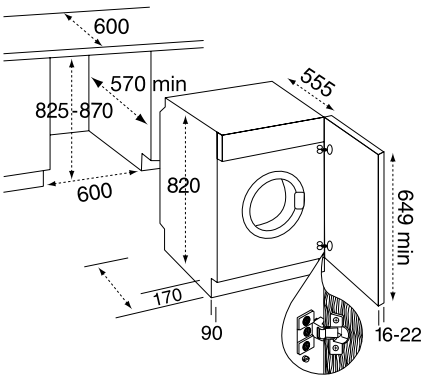

For installation diagrams see page 131

Please refer to the instruction manual before cutting out.

NOTES:

* PD10 kit for 50mm extra height - optional extra

1) Models with an 'A' rated classification offer a higher performance than those with a 'G' rating

2) Based on standard test results for 60°C cotton cycle

3) Based on standard test results for 60°C cotton cycle and "dry cotton" drying cycle

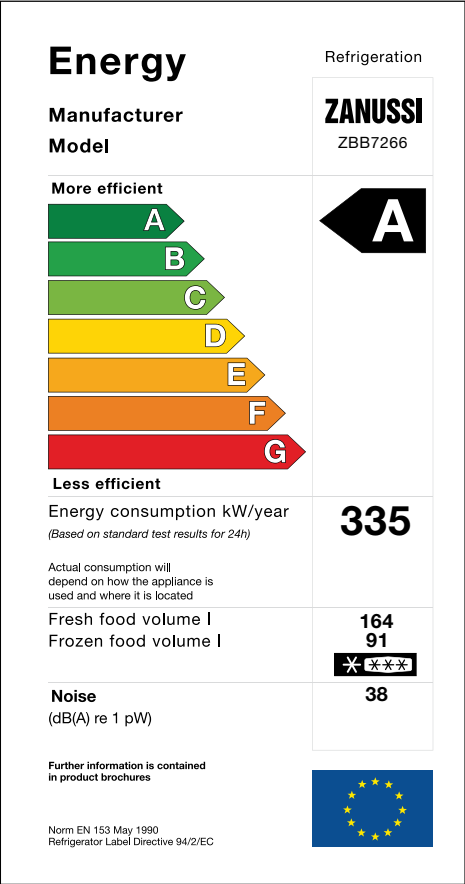

4) Average annual consumption for a 4 person household based on 200 standard 60°C cotton cycles, never using the dryer

5) Average annual consumption for a 4 person household based on 200 standard 60°C cotton cycles, always using the dryer

ENERGY EFFICIENCY INFORMATION

This scheme, which covers refrigerators, freezers, washing machines, tumble dryers, dishwashers and electric ovens, is designed to offer consumers a standardised method of choosing the most energy efficient appliances. For refrigerators and freezers, as well as stating the Energy Efficiency Class ('A+' – most efficient, 'G' – least efficient) the label also gives the annual electricity consumption (ie. running costs) and the usable storage capacity. For some washing machines and cookers energy rating is stated as A-10% to show that the model is 10% better than an energy-efficiency-class A. The label also states the wash performance and spin efficiency. Three ratings are given to ensure efficiency combined with washing and drying. For dishwashers the label states energy efficiency, washing and drying performance.

appliance with low energy consumption

appliance with medium energy consumption

appliance with high energy consumption

SERVICE FORCE NETWORK

Telephone (08445) 616 616
www.serviceforce.co.uk

RESPONSIVE CUSTOMER CARE/AFTER SALES SERVICE

Once you've bought a Zanussi appliance you're safe in the knowledge that in the unlikely event of a fault occurring you can rely on our commitment to look after your appliance throughout its working life. Our network of fully trained service engineers are available nationwide and our complete care service is one of the most extensive and reliable available.

12 MONTHS PARTS AND LABOUR GUARANTEE

In the unlikely event of any repairs being required in the first year, we will carry them out free of charge.

In addition, any repairs carried out after the guarantee period are covered by their own 12 month guarantee, parts only.*.

* Guarantee conditions provided on request.

RAPID SERVICE

If you call us out under the 12 month guarantee, we endeavour to fix the appliance within seven working days of our first call.

LOCAL SERVICE NATIONWIDE

Backed by the extensive range of spare parts held by our central warehouse, the Service Force Network will endeavour to repair your product in your home within 72 hours of receipt of the original call.*

* Excludes Saturdays, Sundays and Bank holidays, and may not be available in rural or outlying areas.

SERVICE BY APPOINTMENT

To allow you to plan your day we can offer an appointment within a 3 hour time period, when the call is booked two days in advance.*

We can also provide service outside of office hours and Saturday mornings.**

* Please note. The service pledge does not apply in the Republic of Ireland.
**A small extra charge is payable for this service.

MARKETING POLICY

The policy of Zanussi is one of continued improvement. We therefore reserve the right to alter or amend product ranges, specifications and dimensions without notice. All specifications/dimensions including installation dimensions should be checked with the appropriate instruction manual before use or installation. If in doubt, contact your local Zanussi stockist who regularly receives up to date product information from our marketing department. E and O.E

ZANUSSI IS PART OF THE ELECTROLUX GROUP – THE THOUGHTFUL DESIGN INNOVATOR

Do you remember the last time you opened a gift that made you say 'Oh how did you know? That's exactly what I wanted!' That's the kind of feeling that the designers at Electrolux seek to evoke in everyone who chooses or uses one of our products. We devote time, knowledge, and a great deal of thought to anticipating and creating the kind of appliances that our customers really need and want.

This kind of thoughtful care means innovation with insight. Not design for design's sake, but design for the user's sake.

For us, thoughtful design means making appliances easier to use and tasks more enjoyable to perform, freeing our customers to experience that ultimate 21st century luxury, ease of mind. Our aim is to make this ease of mind more available to more people in more parts of their everyday lives, all over the world. So when we say we're thinking of you, you know that we mean just that.
